What counts as a 'tourist attraction' for the subsidy?

In addition to the places listed on the "Fukushima Travel" website, the tour can also include shops (and roadside stations) where visitors stopped to purchase souvenirs, experienced eating local cuisines, foot baths, fruit picking, and walking around town.

Can another company apply on behalf of the travel agency that designed the tour? If yes, what additional documents are required?

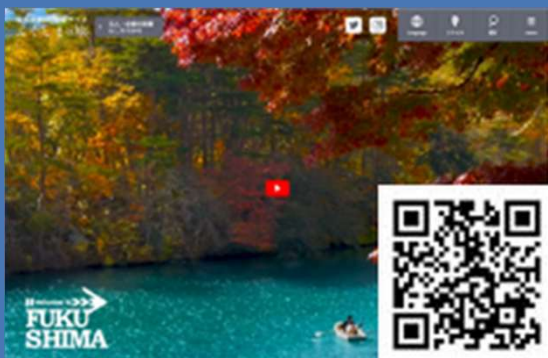

An original copy of Form #4 [Power of Attorney] must be submitted. Please note that a seal stamp or signature from both the delegator and the representative are required.
